ARE YOU READY FOR THE *BEST BURGER*?

Burgers that taste like meat, but have no meat in them, are an amazing idea. Of course, they're also good for the health of both people and the planet. But most of us don't change our eating habits for food that tastes the same. It has to taste better!

And that's why you should try the *Best Burger*, made by New York top chef Dave Simmons. His grilled burger is made of cereal and mushrooms. It doesn't taste like meat, but it is really delicious. Visit Dave's restaurant and find out for yourself!
