

6.4.1 READING

A VISIT TO THE STREET MARKET

- 1 Read the blog post about a visit to a street market. What advice did the person take and what advice did he not take?
 - ☐ make a list
 - ☐ use cash
 - ☐ save first, spend later
 - ☐ discuss the price
 - ☐ decide how much to spend
- 2 What happened in the end?
- 3 What mistakes did the shopper make?

My experience at the market was not so good. I took some of the advice. I brought only cash and I made a list. I knew that I wanted a carpet, but I didn't know how to choose one. Then a stall owner saw me looking at the carpets and showed me one that was in the sale.

So, in the end, I didn't buy anything. I didn't think about how much I wanted to spend on them, and I wasn't able to discuss the price. All in all, it wasn't a very successful shopping trip!
